RHODIUM GROUP

Data Visualization Designer

Rhodium Group is recruiting a Data Visualization Designer to expand the reach and impact of our independent research on big global trends, from climate change to China's economic rise. Rhodium has offices in New York City, Oakland, Salt Lake City, Paris and Hong Kong, but work location is flexible.

POSITION DESCRIPTION

Rhodium is looking for an entrepreneurial and talented data visualization designer to join our world-class team of economists, scientists and data engineers. Rhodium produces path-breaking studies on a range of critical global topics for policymakers, the private sector and the general public, and relies heavily on visual storytelling to make our data come to life. You will lead the company's data visualization work on projects ranging from our cutting edge research on the economic impact of climate change through the Climate Impact Lab to our ongoing assessment of Chinese economic policy. You will also have primary responsibility for Rhodium design standards for reports, web content and PowerPoint presentations.

QUALIFICATIONS

Attractive candidates will have the following qualifications:

- Bachelor's degree in graphic design, data journalism, or equivalent work experience in those fields.
- Experience building interactive web-based visualizations of very large datasets.
- Demonstrated d3.js expertise, especially with map-making workflows.
- Proficiency in front-end web design (JavaScript, HTML, CSS).
- Working knowledge of InDesign, Illustrator and Photoshop a plus.
- Interest in public policy, particularly in the areas of energy, environment and economics.
- Professionalism and intellectual curiosity.
- Organized and self-directed.

COMPENSATION, BENEFITS AND RECRUITING PROCESS

Rhodium Group offers competitive compensation, a progressive benefit package and opportunities for intellectual and professional advancement, while working with a talented and entrepreneurial group of colleagues. Please submit a cover letter, resume and portfolio careers@rhg.com with the subject line: Data Visualization Designer. Additionally, please indicate your availability for an initial phone interview, salary requirements and available start date.

ABOUT RHODIUM

Rhodium Group is a leading independent research provider. We combine economic data analytics and policy insight to help clients understand global trends. Rhodium has decades of experience advising CEOs, portfolio managers, philanthropists and policy leaders. We maintain long-standing collaborations with leading think-tanks and universities in the United States, Asia, and Europe. Our work is regularly cited by media and government bodies, and consulted by firms, investors and policymakers worldwide. Rhodium has offices in New York City, Oakland, Salt Lake City, Paris and Hong Kong.
